

Message

It is my pleasure to send this message on the happy occasion of the 70th Anniversary of the Faculty of Science of The University of Hong Kong.

Over the past seven decades, the Faculty has played a key role in nurturing talents in the science field. As a hub for the pursuit of excellence in science education and scientific research, the Faculty is well-known for its innovative teaching as well as outstanding research achievements. Its commitment to quality education and its contribution to the advancement of knowledge are widely recognized in local and regional circles.

May I take this opportunity to wish the Faculty all the best as it continues to build on its rich heritage to scale new heights in the years ahead.

Timothy W. Tong, Ph.D.
President
The Hong Kong Polytechnic University
